AFRICAN SAFARI

2025 - 2026

A warm, golden sunset over a savanna landscape. The sun is a bright, glowing orb in the upper right corner, casting a soft, orange light across the sky and the horizon. The foreground is dominated by a large, dark, textured rock formation, possibly a termite mound, which is slightly out of focus. The background shows a vast, open savanna with low-lying vegetation and distant hills under the hazy sky.

Closer to the Action

It's time to say "let's go" on your safari adventure. When you go with the experts, you'll get even closer — to the wildlife, to nature, to culture... to yourself. For three decades, we've designed inclusive tours that feature game drives throughout your day and evening because we get it – it's all about the wildlife.

So, let's go to the wild side. Together.

A Day on Safari

What it's like to venture out in Africa's wilderness

● Wakey Wakey

The early bird catches the worm, that's why morning game drives start at the break of dawn, typically between 5:30am-6:30am, depending on the season. Savour a fresh brewed cup of coffee or tea and a light breakfast before venturing out at sunrise in search of creatures great and small.

🕒 INSIDER INFO:

Be sure to dress in layers – morning game drives can be quite chilly regardless of season!

● Back for Brunch & Midday Break

After your morning drive, head back to your lodge or camp and fill up on a delicious brunch. Afterward, you'll have time to relax with a book, enjoy a refreshing swim, or recharge with a quick nap.

🕒 INSIDER INFO:

Many of the lodges and tented camps we use offer a range of amenities like swimming pools, board games, game viewing areas, and even spas!

Dawn's Early Light

Breathe in the fresh air and take a moment to appreciate a sunrise without comparison. Your expert drivers know the lands intimately and will track game and communicate with other trackers ensuring plenty of opportunities to behold the scenes you only held in your dreams – until now.

🕒 INSIDER INFO:

Half-day game drives typically last 3 hours (more if game viewing is particularly good; less if the weather conditions are extreme).

● On the Prowl

Around 3-4pm, load back into your safari vehicle (we use both open-roof and roofed-in vehicles) in search of more game. Midway through your drive, as the sun dips low, rest for a moment and toast nature with a sundowner – drinks and snacks in a scenic spot. See the animals become more active with dusk fast approaching.

🕒 INSIDER INFO:

There's no typical day on safari. Prepare yourself for a totally different experience in the afternoon.

● Night Life

Your afternoon game drive ends around dusk, as nocturnal animals become active. Spot a few night roamers before returning to your lodge for dinner. Relax and rest well after a full day and let the sounds of an African night lull you to sleep.

🕒 INSIDER INFO:

Before you drift off to sleep, document your day! Journaling is a great way to ensure you remember all the moments of your safari.

Nights on Safari

A comfortable place to rest on safari is critical to your overall experience. We select each hotel, tented camp, and lodge with comfort, quality, and proximity to parks and reserves in mind.

📍 The Wallow Lodge

● Lodges

From unique wildlife viewing opportunities to high-comfort amenities, the lodges chosen for our safaris are often an experience unto themselves. Expect thoughtful service, locally reflective design, and comforts to delight and surprise you.

● Tented Camps

Rethink your perspective about camping. Did you know that tented camps can have cozy beds, permanent roofs, and private bathrooms? And while you're among the action, perimeter fencing keeps animals away from your front door.

📍 Kilima Safari Camp

📍 Lake Kariba

● Safari Boat

Sometimes the best vantage point to spot animals like hippos is from the water. On a safari houseboat, spot aquatic bird life and get a unique perspective of Africa that few experience. Board tender boats during the day and overnight in comfort.

Experts in Africa for Three Decades

We've been the leader in guided travel since 1918. And we've been curating safari adventures in Africa since 1993. Spanning these decades are rich relationships and expert designers and guides who live in the region. The result: access to experiences you'd be hard-pressed to find on your own.

● Safari in Style

- Combining a good mix of game drives, water activities, and walks, our safari offerings give you a variety of ways to see wildlife.
- From accommodations to experiences and our expert Tour Managers, this is the safari experience you've had your mind set on.

● Closer to Culture

- Meet people in their homes and local communities.
- Dine with them during home-hosted meals and learn about their culture through conversations along the journey.

● Comfort in Africa

- On your safari adventure, there's no rush – you'll generally enjoy 2-3 nights in each location. With minimal one-night stays, unwind and let your wild heart beat out a new rhythm.
- Stay in smaller, more intimate lodges that are situated in prime locations.

Safari Experiences Travellers Love

We don't just know because we go. We know because our team has roots and relationships decades in the making here. These deep ties translate into a safari experience from a local's point of view, delivered with the experience and reach of a 107-year-old global operator.

"I grew up in South Africa and have been in the tourism industry for thirty years. Uncovering Africa's beauty is my passion. We design our own itineraries and hand-pick safari lodges and experiences. It allows us to listen and react to traveller feedback and build the exact experience our travellers are looking for.

A lot goes into planning a safari. We want travellers to be focused on the moment, not the logistics. We know that safety is a must, but so is comfort and the little things like a day room for late-departing flights and a perfectly timed sundowner. We plan it all out to the letter."
